

2nd International Symposium on Atomic Technology (ISAT-2)

Oct. 1-2, 2007, Awaji, Japan

Hosted by CAMT (Osaka U.), TIMS (U. Tsukuba) Co-hosted by PTRC (Tokyo U. of Science)
Co-sponsored by JPS, JIM, CSJ, JSAP, IEEJ, IEEE, MSJ, JSPF Supported by MEXT, HIA

Topics

Atomistic scale processing and quantum devices

Functional molecules and molecular chemistry

Biomaterials and biological engineering

Invited speakers

Helmut Mehrer

(Universitaet Muenster, Germany)

Rubén Pérez

(Universidad Autónoma de Madrid, Spain)

Masayasu Nishizawa

(MIRAI-ASRC, AIST, Japan)

Grzegorz Mlostoń

(University of Łódź, Poland)

Brindaban C. Ranu

(Indian Association for the Cultivation of Science, India)

Kouichi Ohe

(Kyoto University, Japan)

Alexander Kabanov

(University of Nebraska, USA)

Eva Stoffels-Adamowicz

(Eindhoven University of Technology, The Netherlands)

Hideo Yokota

(RIKEN, Japan)

Date

October 1-2, 2007

Site

Awaji Yumebutai International Conference Center

(Reception Hall B)
