

CAMT Seminar

“Ion mobility spectrometry, principles and applications”

Prof. Štefan Matejčík

Faculty of Mathematics, Physics and Informatics, Comenius University, Bratislava, Slovakia

Date: 27 February, 2023 (Mon) 14:00-15:00

Location: Main Conference Room (1st floor), Bldg. A12

Center for Atomic and Molecular Technologies (CAMT)

(A12 棟 1 階会議室)

Abstract

Ion mobility spectrometry (IMS) is a fast and sensitive technique of the detection of trace gases and chemical compounds in different environments. The principles of the techniques, the recent advances and developments as well as some important applications of IMS technique in different fields, including the plasma physics, will be presented.
